CHAIN INSTALLER PERMIT APPLICATION

TR-0106 (REV. 08/2005)

CHAIN INSTALLER'S CONDUCT AND WORKMANSHIP CONDITIONS (continued)

- 1 When installing, removing, repairing or modifying tire chains, the permittee shall display a sign (measuring a minimum of 12" x 24" up to a maximum of 18" x 36") advising motorists in advance of their fee for providing these services, and their bib number. The letters shall be a minimum of four inches high with a minimum brush stroke of 5/8". Failure to display this sign, and/or display of any other type of advertising sign other than this required sign will be issued a warning, and shall cease work until the unauthorized display is removed.
- 2 The permittee shall be in possession of a receipt book and make them available when requested by a motorist. The receipt shall show the permittee's name, bib number, the type of work performed (installing, removing, repairing, modifying tire chains), and the fee charged for the work. A permittee failing to issue a receipt for services provided when requested, shall be suspended for 7 days.
- This Permit is non-transferable, only the person to whom it was issued is to perform the services authorized herein, and shall have it in their possession at all times when performing said services. This Permit shall be presented for inspection upon demand by any departmental representative, the California Highway Patrol, or any local law enforcement personnel. A warning will be issued to any permittee found to be working without their permit in their immediate possession, they shall cease work immediately, and surrender their identifying bib, until their permit can be produced to regain their identifying bib.
- 4 Any person found working under a permit not issued to them, and any permittee allowing such use, shall immediately surrender the permit. And, neither individual will be eligible for issuance of a chain installer permit for a minimum of one year.
- A colored bib containing the permittee's identifying number will be issued along with this permit. THIS BIB IS THE PROPERTY OF CALTRANS. The bib shall be worn in plain sight in a legible manner at all times by the permittee while performing the services specified herein. A permittee found to be working without their bib being clearly legible, shall be issued a warning, and shall cease all work until their bib and identifying number are made clearly visible.
- 6 Loss of a permittee's permit or identification bib shall be immediately reported to the Department's district office that issued the permit. Application for a duplicate permit or identification bib may be made during normal business hours. A duplicate permit will be issued upon payment of the administrative fee (equal to one hour multiplied by the Standard Hourly Rate). A replacement bib will be issued upon payment of the administrative fee plus the cost of the bib itself.
- A permittee may only park a single vehicle within the State's highway rights-of-way in the area designated by the Department or the California Highway Patrol, and only during the time the permittee is engaged in activities authorized by this permit. Parking on State conventional highways in similarly designated areas shall conform with the applicable provision of the Vehicle Code. If a permittee's vehicle is parked in a location or manner that interferes or impedes with highway traffic, snow removal equipment, or parked on any freeway ramp or taper, the permittee shall be suspended for 7 days.
- 8 Permittees are not allowed in the lanes maintained for through traffic. A permittee shall remain in the area designated for installation or removal of tire chains. Any interference, stopping, or controlling of traffic by flagging, signs, arm movements, the waving of signs or lights, etc., impedeing the orderly movement of traffic caused by a permittee shall result in a suspension for 7 days.
- 9 Vending or renting of tire chains, tire chain accessories, or other items or products upon any State highway rights-of-way by a permittee is strictly prohibited. A permittee offering to sell or rent tire chains or other items, or who accepts money for the sale or rental of tire chains or other items, shall immediately surrender his/her permit and identification bib and shall be ineligible for issuance of a chain installer permit for a minimum of one year. Such a permittee may be subject to prosecution for violation of the law (Streets and Highways Code Section 731) prohibiting vending on State highways.
- 10 Permittees shall conduct their business in a professional and courteous manner. A permittee found to display poor workmanship in installing chains, giving misleading statements concerning the necessity for altering chains, misrepresenting any conditions or requirements regarding chain regulations, or causing complaints relative to his/her conduct shall be issued a warning. These violations may result in suspension or revocation of permit privileges, depending on the circumstances of the incident and the conduct of the permittee. A permittee presenting any form of threat of violence toward any person or property while involved in the activities related to this permit shall immediately surrender his/her permit and identification bib and he/she shall be permanently ineligible for issuance of a chain installer permit.
- 11 Permitees shall wear yellow, orange or lime colored raingear. Permittees found working without proper rain gear will be issued a warning, and shall immediately cease work, surrender their permit, and identification bib. Work may resume when the permittee is equipped with the proper rain gear and has regained their permit and identification bib.
- 12 Permittees shall only work in established chain installing areas. A permittee found working in an area other than the established area will be suspended for the winter season and shall immediately surrender his/her permit and identification bib.
- 13 Permittees shall be 18 years of age or older. Any permittee found to have obtained his/her permit by falsifying their age shall immediately surrender their permit and identification bib. And, shall not be eligible for issuance of a chain installer permit for a period of one-year extending beyond the date they attain 18 years of age.
- 14 Any permittee maintaining an open fire or littering on the highway right of way shall be issued a warning.
- 15 A permitted chain installer may apply for a second chain installer permit in another district, provided there is no established waiting list.
- 16 Unless surrendered, suspended or revoked as provided in the Permit package conditions, a permit shall expire on June 30 in the year following its issuance.

NEWSPAPER DISTRIBUTION AGREEMENT

TR-0150 (NEW 03/2003)

The undersigned newspaper distributor, hereinafter referred to as DISTRIBUTOR, desires to place and maintain **a newspaper** and newspaper vending machine, hereinafter referred to as "Machine", at certain identified safety roadside rest areas owned and operated by the State of California, Department of Transportation, hereinafter referred to as STATE. DISTRIBUTOR agrees that the following conditions apply:

- 1. DISTRIBUTOR shall comply with the applicable provisions of the California Administrative Code and directions from the STATE as to the location and placement of each Machine and including its associated pedestal.
- DISTRIBUTOR shall indemnify, protect and hold harmless the STATE, its officers and employees from all claims for injury to
 persons or damage to property by reason of the presence, location and/or maintenance of the Machine on STATE property, or
 by reason of claims based on acts of DISTRIBUTOR'S agents, employees or workers.
- Maintenance of the Machine shall be the sole responsibility of DISTRIBUTOR, including any replacement or repair of Machine stolen or damaged by vandalism. DISTRIBUTOR shall begin to make necessary repairs within 48 hours after receipt of written or oral notification by STATE.
- 4. In the course of servicing a Machine, DISTRIBUTOR shall not deposit in or about any safety roadside rest area any wrapping paper, tying material or other litter, except to dispose of such material in a receptacle intended for that purpose. Any material that cannot be disposed of in available receptacles shall be immediately removed from the premises by DISTRIBUTOR.
- 5. If the distribution of newspaper is discontinued for thirty consecutive days, DISTRIBUTOR shall remove the Machine and restore the site to its original condition.

If the Machine to be removed is on a pedestal shared with other machines, DISTRIBUTOR shall modify the pedestal to properly accommodate the remaining machines.

If, after such discontinuance, or if the terms of this Agreement are violated, and DISTRIBUTOR fails to remove the Machine and restore the site within ten days after reasonable notice and demand, STATE may thereafter remove the Machine and restore the site to its original condition and DISTRIBUTOR agrees to reimburse the STATE for the reasonable costs of that removal and restoration.

6.	STATE reserves the right to close, tem to the DISTRIBUTOR.	nporarily or p	ermanently, the saf	ety roadside	est area for any reason	without notification

PLEASE READ THE FOLLOWING CLAUSES PRIOR TO SIGNING THIS EN	CROACHMENT PERMIT APPLICATION.

The applicant, understands and herein agrees to that an encroachment permit can be denied, and/or a bond required for non-payment of prior or present encroachment permit fees. Encroachment Permit fees may still be due when an application is withdrawn or denied, and that a denial may be appealed, in accordance with the California Streets and Highways Code, Section 671.5. All work shall be done in accordance with Caltrans rules and regulations subject to inspection and approval.

The applicant, understands and herein agrees to the general provisions, special provisions and conditions of the encroachment permit, and to indemnify and hold harmless the State, its officers, directors, agents, employees and each of them (Indemnitees) from and against any and all claims, demands, causes of action, damages, costs, expenses, actual attorneys' fees, judgments, losses and liabilities of every kind and nature whatsoever (Claims) arising out of or in connection with the issuance and/or use of this encroachment permit for: 1) bodily injury and/ or death to persons including but not limited to the Applicant, the State and its officers, directors, agents and employees, the Indemnities, and the public; and 2) damage to property of anyone. Except as provided by law, the indemnification provisions stated above shall apply regardless of the existence or degree of fault of Indemnities. The Applicant, however, shall not be obligated to indemnify Indemnities for Claims arising from conduct delineated in Civil Code Section 2782.

DISCHARGES OF STORM WATER AND NON-STORM WATER: Work within State highway right-of-way shall be conducted in compliance with all applicable requirements of the National Pollutant Discharge Elimination System (NPDES) permit issued to the Department of Transportation (Department), to govern the discharge of storm water and non-storm water from its properties. Work shall also be in compliance with all other applicable Federal, State and Local laws and regulations, and with the Department's Encroachment Permits Manual and encroachment permit. Compliance with the Departments NPDES permit requires amongst other things, the preparation and submission of a Storm Water Pollution Protection Plan (SWPPP), or a Water Pollution Control Program (WPCP), and the approval of same by the appropriate reviewing authority prior to the start of any work. Information on the requirements may also be reviewed on the Department's Construction Website at:

INSTRUCTIONS

for completing page 4

This page needs to be completed when the proposed project <u>DOES NOT</u> involve a City, County or other public agency.

Your answers to these questions will assist departmental staff in identifying any physical, biological, social or economic resources that may be affected by your proposed project within the State highway right-of-way. And, to determine which type of environmental studies may be required to approve your application for an encroachment permit.

It is the applicant's responsibility for the production of all required environmental documentation and supporting studies, in some cases this may be costly and time-consuming. If possible, attach photographs of the location of the proposed project.

Please answer these questions to the best of your ability. Provide a description of any "YES" answers (type, name, number, etc.)

1.	Will any existing vegetation and/or landscaping within the highway right-of-way be disturbed?
2.	Will the proposed project involve any soil disturbance within highway right-of-way (trenching or excavation)?
3.	Are there waterways (river, creek, pond, natural pool or dry streambed) adjacent to or within the limits of the project or highway right-of-way?
4.	Is the proposed project located within five miles of the coast line?
5.	Will the proposed project generate construction noise levels greater than 86 dBA (i.e. jack-hammering, pile driving)?
6.	Will the proposed project incorporate land from a public park, recreation area or wildlife refuge open to the public?
7.	Are there any recreational trails or paths within the limits of the proposed project or highway right-of-way?
8.	Will the proposed project impact any structures, buildings, rail lines, or bridges within highway right-of-way?
9.	Will the proposed project impact access to any businesses or residences?
10.	Will the proposed project impact any existing public utilities or public services?
11.	Will the proposed project impact existing pedestrian facilities, such as sidewalks, crosswalks, or overcrossings?
12.	Will new lighting be constructed within or adjacent to highway right-of-way?
